Availability: **OUT OF STOCK**

**Features**

The Helios 300 drops you right into the game with everything you need to obliterate the opposition on a blisteringly fast 240Hz<sup>1</sup> /3ms<sup>2</sup> display. Only now, we've armed it with an NVIDIA® GeForce RTX™ 2070 Max-Q<sup>1</sup>, a 10<sup>th</sup> Gen Intel® Core™ i7 Mobile Processor<sup>1</sup> and our custom-engineered 4<sup>th</sup> Gen AeroBlade™ 3D Technology.

## MAKE YOUR PRESENCE KNOWN

Your gaming laptop's style should match your own – with a look that says, “Start the match! I’m ready!” So that when the black, metal-clad<sup>3</sup> machine flares into life, filling the 17-inch<sup>1</sup> screen of the display with lurid colors, let it remind them that you know only one path: victory.

## ONE SPEED: FAST

Speed is at the core of this laptop with the display leading the charge. How? We've chosen a 240Hz<sup>1</sup> panel with a 3ms overdrive response time. Farewell blur and hello clear, crisp high-octane gameplay.
